future Vacation Giveaway IDEAS!

We would like to hear from you!

Just some information and requests

As we are hiring more drivers and business
is picking up we want to take a few
minutes to change some things up to keep
everything moving smoothly.

Please remember that Kristi's cell is to be
used for **texting ONLY** during business
hours and **ONLY for emergencies after
5pm.**

Also she is not authorized to put money on
anyone's card, such as advances or even
repairs/breakdowns. If you should need
money during business hours you need to
contact Buffie or Judy in the office at 405-
224-1333.

Should you need after hours
repairs/breakdowns, contact Manny 405-
201-0623. Please try to only call and get
night time repairs done, when you are on a
time sensitive load, dangerous situations,
or if not in a safe location. If none of those
apply, and you are in a safe place, just lay
down get some rest and call during
business hours.

If you require tire change or jump start,
please use the road side assistance number
at **866-227-7323 option 2.** They can do all
those things with no charge to you, just
sign ticket.

Only call to Kristi is if you are on a time
sensitive load and it is going to make you
late for delivery.

Should you be involved in an accident after
hours, you need to call 405-224-1333 and ask for
Buffie to be paged.

This is all in an effort to keep Kristi's outside
work load down to help keep loads her priority,
so we can haul the best and keep layover and
deadhead to a minimum.

Should you have any questions about this feel
free to speak to anyone in the office.

Anything pay related such as payroll or
bonuses is handled by Buffie and Judy and
they are available

Monday - Friday

8am - 5pm 405-224-1333
